

CUBE

Instructions

Cut the shape out of this piece of paper with a pair of scissors or a cutter knife.

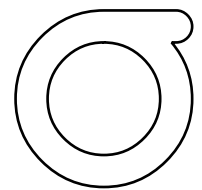

Fold the shape into a cube with the unprinted sides facing outwards.

Stick the tags onto the paper on the  spots

In case you want to decorate the faces, now is a good time to do so. Again, on the unprinted sides.

Put glue on the backside of the grey areas and fold the shape into a cube.

Done!
